The DIAMOND GLASNES, manufactured by J. E. SPENCER & CO., New York, which are now offered to the public, are pronounced by all the celebrated Opticians of the world to be the most Perfect, Natural Artificial help to the human eye ever known. They are ground under their own supervision, from minute Grystal Pebbles, melted together, and derive their name. "Diamond," on account of their hardness and brilliancy.

The scientific principle on which they are constructed brings the core or centre of the lens directly in front of the eye, producing a clear and distinct vision, as in the natural, healthy sight, and preventing all unpleasant sensations, such as filmmening and wavering of sight, dizziness, &c., peenliar to all others in use.

They are mounted in the finest manner, in frames of the best quality, of all inaterials used for that purp. se. Their finish and durability can not be surpassed.

CAUTION.—None genuine unless bearing their trade mark stamped on every frame.

Chloride of Aluminium, the Saline Antiseptic harmless as common salt.)

The Lancet, August 27th, 1870, says of this pre-eration: "It is quite as potent as Chloride of Zind or Carbollo Acid, and is at the same time non poisonous and devoid of unpleasant smell of every kind. These qualities will, no doubt, insure its being extensively used, and at no distant date we may expect it to displace the antiseptics which are at present in vogue."

CHLORALUM is an astringent antiseptic, applied to foul ulcers by London surgeons, as a gargle in scarlet fever, diphtheria and common sore throat, and has been found invaluable in inflam mation of the eyes, &c.

CHLORALUM can be relied on by Farmers in the treatment of Foot and Mouth Disease, and in carrying on disinfection in their homes, stables, cowbeds, pigstyes and poultry-houses.

CHLORALUM for dog kennels can be used with great advantage and economy in keeping meat resh for any length of time, in purifying the benches and yards, and completely removing the foul and sickening odor of dirty or ill-drained
